POSTER DESIGN

- The poster corkboard provided is approximately 8' width × 4' height horizontal frame. Posters should be a little smaller than this area so they do not overlap the edges of the poster corkboard.
- Include the abstract title, author name(s), and the institution in large letters centered at the top of the poster.
- Poster abstract information will be included in the AMCP 2026 mobile app. AMCP 2026 is an in-person meeting. AMCP strongly encourages all accepted posters to have a **QR code** on the poster. Presenters should create a QR code that links to the accepted poster and not a company website.

- The poster's primary submitter will receive information on the publishing rights and instructions on developing and uploading the PDF.
- The PDF will be available in view-only format on the AMCP 2026 app and will not be available for download.

 - The complete poster is limited to one slide only. That means one single page for your PDF file.
 - Fonts should be sans-serif (e.g., Arial, Calibri, etc.)
 - Minimum font size should not be smaller than 6pt
